

Certificate of Analysis

Target	Inhibitors & Agonists>>Others>>Other Targets
Cat.No	DCJ-065
Name	D(-)-Tartaric acid

Tel: +86-21-58447131
Fax: +86-21-61642470

Email:

Chemical Properties

CAS	526-83-0
Formula	C ₄ H ₆ O ₆
MW	150.09
Storage	4°C for 1 year, -20°C for more than 2 years
Structure	 <p>The image shows the chemical structure of D(-)-Tartaric acid. It consists of a four-carbon chain with two hydroxyl groups and two carboxylic acid groups. The hydroxyl groups are on the second and third carbons, and the carboxylic acid groups are on the first and fourth carbons. The structure is drawn in a perspective view with red labels for the oxygen atoms.</p>
Purity	>98%, Standard References Grade
