

## Certificate of Analysis

Target	Products>>Novel inhibitors
Cat.No	DC33057
Name	Pentamidine

**Tel:** +86-21-58447131

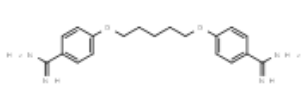

**Fax:** +86-21-61642470

**Email:**

## Chemical Properties

CAS	100-33-4
Formula	C <sub>19</sub> H <sub>24</sub> N <sub>4</sub> O <sub>2</sub>
MW	340.427
Storage	
Structure	 <p>The chemical structure of Pentamidine is shown as a 2D skeletal structure. It consists of two benzene rings connected by a pentyl chain. Each benzene ring has a primary amine group (-NH<sub>2</sub>) at the para position relative to the chain attachment point. The structure is symmetrical.</p>
Purity
