Chemical Properties

CAS	19130-96-2
Formula	C ₆ H ₁₃ NO ₄
MW	163.17
Storage	4°C for 1 year, -20°C for more than 2 years
Structure	 <p>The chemical structure of 1-Deoxynojirimycin is a six-membered ring containing one nitrogen atom (NH). It has four hydroxyl groups attached to the ring: one at the top position (wedge), one at the left position (dash), one at the right position (dash), and one at the bottom-right position (wedge).</p>
Purity	>98%, Standard References Grade
