Chemical Properties

| | |
|-----------|--|
| CAS | 51419-48-8 |
| Formula | C ₂₅ H ₂₀ O ₉ |
| MW | 464.43 |
| Storage | 4°C for 1 year, -20°C for more than 2 years |
| Structure |  <p>The chemical structure of Hydnocarpin is a complex polycyclic molecule. It features a central benzene ring substituted with a 2-hydroxy-3-(4-hydroxyphenyl)propyl group and a 2-hydroxy-3-(2,4,6-trihydroxyphenyl)propyl group. The 2,4,6-trihydroxyphenyl group is further substituted with a methyl group at the 3-position.</p> |
| Purity | >98%, Standard References Grade |
